

Where a student enters the Computer Science course sequence depends upon the currency of his/her programming skills and previous information systems background. Students are advised to consult with a counselor and, if transferring, check the catalog of the transfer university when selecting programming classes.

## Software Development Certificate

Computer Science Transfer students should consider CS175 + CS189 - or - CS153 + CS154

## Video Game Development Certificate

As of Jan. 2007
