**Problems Logging On?** Only those who are **officially enrolled** in any Comp.Sci. or Comp. Accounting class are able to log-on to the Comp Sci computers. If you are adding the class, and/or having problems logging on, you may use the **Student Temporary Log-on**, as follows:

Username: **tempcs**  
 Password: **(no password - leave blank)**  
 Log on to: **INS**

*This Temporary Log-on will remain in effect only for the first two weeks of the semester, hence it is important to register as early as possible, try your personal log-on and make sure it works.*

### Please Note:

If you're having problems logging on and have just recently added the class, it takes about **2 school days to activate your log-on account**. Please use the **Student Temporary Log-on** (see "Problems Logging On?" above) in the meantime. If it has been at least 2 school days and your log-on account still doesn't work, please see or contact the Instructional Associate (see his posted office hours in Humanities 210-F, phone: 714-892-7711 ext. 51102, email: JRoxas@gwc.cccd.edu). Remember to give the following info: your full name, course name and section.
